In today's hypercompetitive business environment, every dollar counts. Now you can get a leg up on the competition with the Panasonic TGP550 series SIP Cordless Phone System. SIP not only means **reduced hardware costs** but also the potential for **huge savings on your monthly phone bill**. Since the system is expandable, you can quickly and easily **add up to 6 cordless handsets**—each with its own DID number. All you need is a single Internet connection.
